Fueg will be calling you, will share input on recent mtg with GOA. There will be a big push for mitigation on state lands, as you know, and not much time to develop a "plan." We can do this, but it will take the Corp supporting us, also. We can talk more, but I think PLP is onto a good approach

Yes we spoke just before the Furie call. I need to organize a meeting for early next week (likely Tuesday). I'll call MK right after Furie call. You and Brent G will be on the invite along with Brune.

Thx
I just had a really good chat w Brune too. This will be a huge lift, but I have full confidence in this team
