(g) The issuance of a transferable tax credit certificate under (d) **<u>of this section</u>** or **<u>former</u>** (m) of this section or the purchase of a certificate under AS 43.55.028 does not limit the department's ability to later audit a tax credit claim to which the certificate relates or to adjust the claim if the department determines, as a result of the audit, that the applicant was not entitled to the amount of the credit for which the certificate was issued. The tax liability of the applicant under AS 43.55.011(e) and 43.55.017 - 43.55.180 is increased by the amount of the credit that exceeds that to which the applicant was entitled, or the applicant's available valid outstanding credits applicable against the tax levied by AS 43.55.011(e) are reduced by that amount. If the applicant's tax liability is increased under this subsection, the increase bears interest under **<u>AS 43.05.225(1)</u>** [AS 43.05.225] from the date the transferable tax credit certificate was issued. For purposes of this subsection, an applicant that is an explorer is considered a producer subject to the tax levied by AS 43.55.011(e).

*** Sec. 20.** AS 43.55.023(n) is amended to read:

(n) For the purposes of (*l*) [AND (m)] of this section, a well lease expenditure incurred in the state south of 68 degrees North latitude is a lease expenditure that is

(1) directly related to an exploration well, a stratigraphic test well, a producing well, or an injection well other than a disposal well, located in the state south of 68 degrees North latitude, if the expenditure is a qualified capital expenditure and an intangible drilling and development cost authorized under 26 U.S.C. (Internal Revenue Code), as amended, and 26 C.F.R. 1.612-4, regardless of the elections made under 26 U.S.C. 263(c); in this paragraph, an expenditure directly related to a well includes an expenditure for well sidetracking, well deepening, well completion or recompletion, or well workover, regardless of whether the well is or has been a producing well; or

(2) an expense for seismic work conducted within the boundaries of a production or exploration unit.

*** Sec. 21.** AS 43.55.024(e) is amended to read:

(e) On written application by a producer that includes any information the department may require, the department shall determine whether the producer qualifies for a calendar year under **<u>(a) and (c) of</u>** this section. To qualify under **<u>(a) and (c) of</u>** this section, a producer must demonstrate that its operation in the state or its ownership of an interest in a lease or property in the state as a distinct producer would not result in the division among multiple producer entities of any production tax liability under AS 43.55.011(e) that reasonably would be expected to be attributed to a single producer if the tax credit provisions of (a) or (c) of this section did not exist.

*** Sec. 22.** AS 43.55.024 is amended by adding new subsections to read:

(i) A producer may apply against the producer's tax liability for the calendar year under AS 43.55.011(e) a tax credit of $5 for each barrel of oil taxable under AS 43.55.011(e) that meets one or more of the criteria in AS 43.55.160(f) and that is produced during a calendar year after December 31, 2013. A tax credit authorized by this subsection may not reduce a producer's tax liability for a calendar year under AS 43.55.011(e) to below zero.

(j) A producer may apply against the producer's tax liability for the calendar year under AS 43.55.011(e) a tax credit in the amount specified in this subsection for each barrel of taxable oil under AS 43.55.011(e) that does not meet any of the criteria in AS 43.55.160(f) and that is produced during a calendar year after December 31, 2013. A tax credit under this section may not reduce a producer's tax liability for a calendar year under AS 43.55.011(e) to below zero. The amount of the tax credit for a barrel of taxable oil subject to this subsection is

(1) $8 for each barrel of taxable oil if the average gross value at the point of production for the month is less than $80 a barrel;

(2) $7 for each barrel of taxable oil if the average gross value at the point of production for the month is greater than or equal to $80 a barrel, but less than $90 a barrel;

(3) $6 for each barrel of taxable oil if the average gross value at the point of production for the month is greater than or equal to $90 a barrel, but less than $100 a barrel;

(4) $5 for each barrel of taxable oil if the average gross value at the point of production for the month is greater than or equal to $100 a barrel, but less than $110 a barrel;

(5) $4 for each barrel of taxable oil if the average gross value at the point of production for the month is greater than or equal to $110 a barrel, but less than $120 a barrel;

(6) $3 for each barrel of taxable oil if the average gross value at the point of production for the month is greater than or equal to $120 a barrel, but less than $130 a barrel;

(7) $2 for each barrel of taxable oil if the average gross value at the point of production for the month is greater than or equal to $130 a barrel, but less than $140 a barrel;

(8) $1 for each barrel of taxable oil if the average gross value at the point of production for the month is greater than or equal to $140 a barrel, but less than $150 a barrel;

(9) zero if the average gross value at the point of production for the month is greater than or equal to $150 a barrel.

*** Sec. 23.** AS 43.55.025(a) is amended to read:

(a) Subject to the terms and conditions of this section, a credit against the production tax levied by AS 43.55.011(e) is allowed for exploration expenditures that qualify under (b) of this section in an amount equal to one of the following:

(1) 30 percent of the total exploration expenditures that qualify only under (b) and (c) of this section;

(2) 30 percent of the total exploration expenditures that qualify only under (b) and (d) of this section;

(3) 40 percent of the total exploration expenditures that qualify under (b), (c), and (d) of this section;

(4) 40 percent of the total exploration expenditures that qualify only under (b) and (e) of this section;

(5) 80, 90, or 100 percent, or a lesser amount described in (*l*) of this section, of the total exploration expenditures described in (b)(1) and (2) of this section and not excluded by (b)(3) and (4) of this section that qualify only under (*l*) of this section;

(6) the lesser of $25,000,000 or 80 percent of the total exploration

drilling expenditures described in (m) of this section and that qualify under (b) and **<u>(c)(1), (c)(2)(A), and (c)(2)(C)</u>** [(c)] of this section;

(7) the lesser of $7,500,000 or 75 percent of the total seismic exploration expenditures described in (n) of this section and that qualify under (b) of this section.

*** Sec. 24.** AS 43.55.025(m) is amended to read:

(m) The persons that drill the first four exploration wells in the state and within the areas described in (o) of this section on state lands, private lands, or federal onshore lands for the purpose of discovering oil or gas that penetrate and evaluate a prospect in a basin described in (o) of this section are eligible for a credit under (a)(6) of this section. A credit under this subsection may not be taken for more than two exploration wells in a single area described in (o)(1) - (6) of this section. Exploration expenditures eligible for the credit in this subsection must be incurred for work performed after June 1, 2012, and before July 1, 2016. A person planning to drill an exploration well on private land and to apply for a credit under this subsection shall obtain written consent from the owner of the oil and gas interest for the full public release of all well data after the expiration of the confidentiality period applicable to information collected under (f) of this section. The written consent of the owner of the oil and gas interest must be submitted to the commissioner of natural resources before approval of the proposed exploration well. In addition to the requirements in **<u>(c)(1), (c)(2)(A), and (c)(2)(C)</u>** [(c)] of this section and submission of the written consent of the owner of the oil and gas interest, a person planning to drill an exploration well shall obtain approval from the commissioner of natural resources before the well is spudded. The commissioner of natural resources shall make a written determination approving or rejecting an exploration well within 60 days after receiving the request for approval or as soon as is practicable thereafter. Before approving the exploration well, the commissioner of natural resources shall consider the following: the location of the well; the proximity to a community in need of a local energy source; the proximity of existing infrastructure; the experience and safety record of the explorer in conducting operations in remote or roadless areas; the projected cost schedule; whether seismic mapping and seismic data sufficiently identify a particular trap for exploration; whether the targeted and planned depth and range are designed to penetrate and fully evaluate the hydrocarbon potential of the proposed prospect and reach the level below which economic hydrocarbon reservoirs are likely to be found, or reach 12,000 feet or more true vertical depth; and whether the exploration plan provides for a full evaluation of the wellbore below surface casing to the depth of the well. Whether the exploration well for which a credit is requested under this subsection is located within an area and a basin described under (o) of this section shall be determined by the commissioner of natural resources and reported to the commissioner. A taxpayer that obtains a credit under this subsection may not claim a tax credit under AS 43.55.023 or another provision in this section for the same exploration expenditure.

*** Sec. 25.** AS 43.55.028(e) is amended to read:

(e) The department, on the written application of a person to whom a transferable tax credit certificate has been issued under AS 43.55.023(d) or **<u>former AS 43.55.023(m)</u>** [(m)] or to whom a production tax credit certificate has been issued under AS 43.55.025(f), may use available money in the oil and gas tax credit fund to purchase, in whole or in part, the certificate if the department finds that

(1) the calendar year of the purchase is not earlier than the first calendar year for which the credit shown on the certificate would otherwise be allowed to be applied against a tax;

(2) the applicant does not have an outstanding liability to the state for unpaid delinquent taxes under this title;

(3) the applicant's total tax liability under AS 43.55.011(e), after application of all available tax credits, for the calendar year in which the application is made is zero;

(4) the applicant's average daily production of oil and gas taxable under AS 43.55.011(e) during the calendar year preceding the calendar year in which the application is made was not more than 50,000 BTU equivalent barrels; and

(5) the purchase is consistent with this section and regulations adopted under this section.

*** Sec. 26.** AS 43.55.028(g) is amended to read:

(g) The department may adopt regulations to carry out the purposes of this section, including standards and procedures to allocate available money among applications for purchases under this chapter and claims for refunds and payments under AS 43.20.046 or 43.20.047 when the total amount of the applications for purchase and claims for refund exceed the amount of available money in the fund. The regulations adopted by the department may not, when allocating available money in the fund under this section, distinguish an application for the purchase of a credit certificate issued under **former** AS 43.55.023(m) or a claim for a refund or payment under AS 43.20.046 or 43.20.047.

*** Sec. 27.** AS 43.55.030(e) is amended to read:

(e) An explorer or producer that incurs a lease expenditure under AS 43.55.165 or receives a payment or credit under AS 43.55.170 during a calendar year but does not produce oil or gas from a lease or property in the state during the calendar year shall file with the department**,** on March 31 of the following year**,** a statement, under oath, in a form prescribed by the department, giving, with other information required, the following:

(1) the **explorer's or** producer's qualified capital expenditures, as defined in AS 43.55.023, other lease expenditures under AS 43.55.165, and adjustments or other payments or credits under AS 43.55.170; and

(2) if the explorer or producer receives a payment or credit under AS 43.55.170, calculations showing whether the explorer or producer is liable for a tax under AS 43.55.160(d) or 43.55.170(b) and, if so, the amount.

*** Sec. 28.** AS 43.55.160(a) is amended to read:

(a) Except as provided in (b) of this section, for the purposes of

(1) AS 43.55.011(e), the annual production tax value of the taxable oil, gas, or oil and gas subject to this paragraph produced during a calendar year is the gross value at the point of production of the oil, gas, or oil and gas taxable under AS 43.55.011(e), less the producer's lease expenditures under AS 43.55.165 for the calendar year applicable to the oil, gas, or oil and gas, as applicable, produced by the producer from leases or properties, as adjusted under AS 43.55.170; this paragraph applies to

(B) oil and gas produced from leases or properties in the state outside the Cook Inlet sedimentary basin, no part of which is north of 68 degrees North latitude; this subparagraph does not apply to [GAS]

(i) **gas** produced before 2022 and used in the state; or

(ii) oil and gas subject to AS 43.55.011(p);

(C) oil produced before 2022 from **each** [A] lease or property in the Cook Inlet sedimentary basin;

(D) gas produced before 2022 from **each** [A] lease or property in the Cook Inlet sedimentary basin;

(2) AS 43.55.011(g), the monthly production tax value of the taxable

(A) oil and gas produced during a month from leases or properties in the state that include land north of 68 degrees North latitude is the gross value at the point of production of the oil and gas taxable under AS 43.55.011(e) and produced by the producer from those leases or properties, less 1/12 of the producer's lease expenditures under AS 43.55.165 for the calendar year applicable to the oil and gas produced by the producer from those leases or properties, as adjusted under AS 43.55.170; this subparagraph does not apply to gas subject to AS 43.55.011(o);

(B) oil and gas produced during a month from leases or properties in the state outside the Cook Inlet sedimentary basin, no part of which is north of 68 degrees North latitude, is the gross value at the point of production of the oil and gas taxable under AS 43.55.011(e) and produced by the producer from those leases or properties, less 1/12 of the producer's lease expenditures under AS 43.55.165 for the calendar year applicable to the oil and gas produced by the producer from those leases or properties, as adjusted under AS 43.55.170; this subparagraph does not apply to gas subject to AS 43.55.011(o);

*** Sec. 29.** AS 43.55.160(a) is repealed and reenacted to read:

(a) Except as provided in (b) and (f) of this section, for the purposes of AS 43.55.011(e), the annual production tax value of taxable oil, gas, or oil and gas produced by a producer during a calendar year in a specific category for which a separate production tax value is required to be calculated under this subsection is equal to the gross value at the point of production of that oil, gas, or oil and gas, respectively, taxable under AS 43.55.011(e), less the producer's lease expenditures under AS 43.55.165 for the calendar year that are applicable to the oil, gas, or oil and gas, respectively, in that category produced by the producer during the calendar year, as adjusted under AS 43.55.170. A separate annual production tax value must be calculated for

(1) oil and gas produced from leases or properties in the state that include land north of 68 degrees North latitude, other than gas produced before 2022 and used in the state;

(2) oil and gas produced from leases or properties in the state outside the Cook Inlet sedimentary basin, no part of which is north of 68 degrees North latitude, during a calendar year before or during the last calendar year under AS 43.55.024(b) for which the producer could take a tax credit under AS 43.55.024(a); this paragraph does not apply to

(A) gas produced before 2022 and used in the state; or

(B) oil and gas subject to AS 43.55.011(p);

(3) oil produced before 2022 from each lease or property in the Cook Inlet sedimentary basin;

(4) gas produced before 2022 from each lease or property in the Cook Inlet sedimentary basin;

(5) gas produced before 2022 from each lease or property in the state outside the Cook Inlet sedimentary basin and used in the state, other than gas subject to AS 43.55.011(p);

(6) oil and gas subject to AS 43.55.011(p) produced from leases or properties in the state;

(7) oil and gas produced from leases or properties in the state no part of which is north of 68 degrees North latitude, other than oil or gas described in (2), (3), (4), (5), or (6) of this subsection.

*** Sec. 30.** AS 43.55.160(e) is amended to read:

(e) Any adjusted lease expenditures under AS 43.55.165 and 43.55.170 that would otherwise be deductible by a producer in a calendar year but whose deduction would cause an annual production tax value calculated under **<u>(a)</u>** [(a)(1)] of this section of taxable oil or gas produced during the calendar year to be less than zero may be used to establish a carried-forward annual loss under AS 43.55.023(b). However, the department shall provide by regulation a method to ensure that, for a period for which a producer's tax liability is limited by AS 43.55.011(j), (k), (o), or (p), any adjusted lease expenditures under AS 43.55.165 and 43.55.170 that would otherwise be deductible by a producer for that period but whose deduction would cause a production tax value calculated under **<u>(a)(3), (4), (5), or (6)</u>** [(a)(1)(C), (D), (E), OR (F)] of this section to be less than zero are accounted for as though the adjusted lease expenditures had first been used as deductions in calculating the production tax values of oil or gas subject to any of the limitations under AS 43.55.011(j), (k), (o), or (p) that have positive production tax values so as to reduce the tax liability calculated without regard to the limitation to the maximum amount provided for under the applicable provision of AS 43.55.011(j), (k), (o), or (p). Only the amount of those adjusted lease expenditures remaining after the accounting provided for under this subsection may be used to establish a carried-forward annual loss under AS 43.55.023(b). In this subsection, "producer" includes "explorer."

*** Sec. 31.** AS 43.55.160 is amended by adding a new subsection to read:

(f) In the calculation of an annual production tax value of a producer under (a)(1) of this section, the gross value at the point of production of oil or gas meeting one or more of the following criteria is reduced by 20 percent: (1) the oil or gas is produced from a lease or property that does not contain a lease that was within a unit on January 1, 2003; (2) the oil or gas is produced from a participating area established after December 31, 2011, that is within a unit formed under AS 38.05.180(p) before January 1, 2003, if the participating area does not contain a reservoir that had previously been in a participating area established before December 31, 2011; (3) the oil or gas is produced from acreage that was added to an existing participating area by the Department of Natural Resources after December 31, 2012, and the producer demonstrates to the department that the volume of oil or gas produced is from acreage added to an existing participating area. A reduction under this subsection may not reduce the gross value at the point of production below zero. In this subsection, "participating area" means a reservoir or portion of a reservoir producing or contributing to production as approved by the Department of Natural Resources.

*** Sec. 32.** AS 43.56.160 is amended to read:

Sec. 43.56.160. Interest and penalty. When the tax levied by AS 43.56.010(a) becomes delinquent, a penalty of 10 percent shall be added. Interest on the delinquent taxes, exclusive of penalty, shall be assessed at **<u>the rate specified in AS 43.05.225(1)</u>** [A RATE OF EIGHT PERCENT A YEAR].

*** Sec. 33.** AS 43.77.020(d) is amended to read:

(d) A person subject to the tax under this chapter shall make quarterly payments of the tax estimated to be due for the year, as required under regulations adopted by the department. A taxpayer will be subject to an estimated tax penalty, determined by applying the interest rate specified in **<u>AS 43.05.225(1)</u>** [AS 43.05.225] to the underpayment for each quarter, unless the taxpayer makes estimated tax payments in equal installments that total either

(1) at least 90 percent of the taxpayer's tax liability under this chapter for the tax year; or

(2) at least 100 percent of the taxpayer's tax liability under this chapter for the prior tax year.

*** Sec. 34.** AS 43.90.430 is amended to read:

Sec. 43.90.430. Interest. When a payment due to the state under this chapter becomes delinquent, the payment bears interest at the rate applicable to a delinquent tax under **<u>AS 43.05.225(1)</u>** [AS 43.05.225].

*** Sec. 35.** AS 43.98 is amended by adding new sections to read:
