(CHEERS)

TRUMP: Friend of mine called, they said it's amazing. ANWR. He's in the oil business. Successful guy. He goes, I can't believe it. They have been trying to get ANWR. That's this massive find. For years and years, they haven't been able to get it approved.

And I wasn't pushing it too hard to be honest with you because I was more focused on the tax cuts. He called up, he goes, is it true that you are trying to get ANWR and you'll maybe get it? I said, yes, who cares?

It's like the biggest find. It's like phenomenal. I said why do you ask. He said, well, every president, Bush, Bush - 7 trillion in the Middle East. Great. Great. Great investment. A lot of death. Death and blood and money. Horrible. Bush, everybody tried to get.

So, he said, people have been trying to get that approved since Ronald Reagan. I said what about Reagan? He tried also. They failed. When I heard that, I said you've got to get ANWR approved. And we got it approved as part of the - I never knew it was such a big deal. It's actually a big deal.

TRUMP: And the people of Alaska, who are great, they are working on it right now. They are moving it along. Last week, we passed new landmark legislation to give choice to our great veterans. It's going through. We're going to have it. It's going to be incredible. We're going for choice. We haven't finished the process yet, but it's happening. Choice.
