Good Afternoon Mr. Collier,

Attached is the Governor's letter to be read at the mining event next week. This letter is not the "official" signed letter, but we wanted you to have an advanced copy in the event you had to deliver the message. Our constituent relations section will have the official letter prepared on Monday morning, which will be signed and mirror this attached letter.

Please let me know if you need anything further from us.

Regards,

Brandon Brefczynski
