

Howdy All,

Well, even though the Legislature has just recessed, the session is pretty much over. In regards to the last email I sent, they went ahead and rushed it through that night so they wouldn't have to take a lot of public comments. I'll post my latest article below on the whole situation. I hope you won't despair even with the treachery of those in the House and Senate leadership and that Fairbanks Senators like Coghill and Bishop and Representatives like Thompson and LeBon have completely voted the democratic platform the entire session. We made progress two years ago and it's time to do it again. If candidates do rise up against them like Robb Myers who's running against Coghill, then you need to support them. The biggest job is finding them though. In the end, remember that God is in charge, and as I told the traitors in the legislature, God will have vengeance. What they did was so incredibly cruel and malicious. I want to make it clear that I'm not talking about their intent, though I'm not afraid to talk about intent since the heart is revealed by what comes out, but what **I'm talking here about cruel and malicious actions that only hurt people and help grow government.**
