@alaskalandmine

This is interesting. AS 14.40.150 says that if a regent is rejected by the legislature, the governor shall appoint another person within 3 days. Bethany Marcum was rejected on May 9. [@GovDunleavy](#) should have appointed a replacement by May 12.

Waiting until after session to appoint Tuckerman Babcock allows him to serve in the role until next session because it's a recess appointment, but it violates the law. [#akleg](#)
