FNSB - Action Plan Chapter

General & Administrative - Goals & Recommendations (Pages 13 and 15)

Committee Member	Goal	Keep It	Delete It	Original Goal & Recommendation and Revisions as follows:
	Goal 1.1			Adapt FNSB operations to climate change to improve the safety, livelihood, and quality of life of borough residents and businesses.
Terry Chapin		Keep It		
Mayor Ward		Keep It		
Fred Vreeman		Keep It		Adapt FNSB operations to climate change to improve the safety, livelihood, and quality of life of borough residents and <u>to improve conditions for borough area</u> businesses.
Harmony Tomaszewski				
Aaron Gibson				
Barbarba Haney				Adapt FNSB operations {TO CLIMATE CHANGE} to improve the safety, livelihood, and quality of life of borough residents and businesses.
Vivian Stiver				Adapt FNSB operations to climate change to improve the safety, livelihood, and quality of life of borough residents and businesses <u>by lowering emission.</u>
	HP 1.1.A			Identify co-benefits and tradeoffs of climate actions with other FNSB goals, as identified in current FNSB plans, and plan a strategy for implementing recommended climate adaptation and mitigation actions.
Terry Chapin		Keep It		
Mayor Ward		Keep It		Change to Low Priority (LP)
Fred Vreeman		Keep It		Identify co-benefits and tradeoffs of climate actions with other FNSB goals {, AS IDENTIFIED IN CURRENT FNSB PLANS,} and plan a strategy for implementing recommended climate adaptation and mitigation actions.
Harmony Tomaszewski				
Aaron Gibson				
Barbarba Haney				Delete all and Replace all with <u>Identify in FNSB operations energy efficiency opportunities.</u>
Vivian Stiver				Delete all and Replace with <u>Public Works Department FNSB: Develop and implement projects to ensure a high level of quality, safety, code compliance and where possible, opportunities to lower emissions in Borough facilities. Projects include renovation, fire/life/safety repairs, major maintenance, new construction with a consideration on best method to reduce emissions.</u>

AMENDMENTS ARE SHOWN IN LEGISLATIVE FORMAT

Text to be added is underlined

Text to be deleted is {BRACKETED, CAPITALIZED}

	HP 1.1.B			Hire a full-time grant writer at the FNSB to assist various departments in applying for state and federal funds for the implementation of climate action strategies and initiatives, and coordinate the planning of climate actions across departments.
Terry Chapin		Keep It		Delete all and Replace with <u>Maintain the capacity to write proposals to cover upfront costs of FNSB climate adaptation and mitigation actions so as to provide long-term cost savings and minimize the tax burden on residents</u>
Mayor Ward		Keep It		
Fred Vreeman			Delete It	
Harmony Tomaszewski		Keep It		
Aaron Gibson				
Barbarba Haney			Delete It	
Vivian Stiver			Delete It	
	HP 1.1.C			Clarify the processes by which the FNSB and other groups (e.g., tribes, cities, non-profit organizations, military, businesses) can collaborate to seek funding for climate actions that benefit FNSB operations and the broader community.
Terry Chapin		Keep It		Clarify the processes by which the FNSB <u>can engage</u> other groups (e.g., utilities, cities, non-profit organizations, UAF, businesses) <u>to apply jointly</u> for funding for climate actions that benefit FNSB operations and the broader community (e.g., grants for heat pumps and re-use of waste heat, passthrough grants to food pantries).
Mayor Ward		Keep It		Change to Medium Priority (MP)
Fred Vreeman		Keep It		
Harmony Tomaszewski				
Aaron Gibson				
Barbarba Haney			Delete It	
Vivian Stiver			Delete It	
	HP 1.1.D			Access technical assistance, grant opportunities, resources, and training for climate mitigation and adaptation by becoming a member of International Council for Local Environmental Initiatives (ICLEI) Local Governments for Sustainability.
Terry Chapin			Delete It	
Mayor Ward		Keep It		Change to Low Priority (LP)
Fred Vreeman			Delete It	
Harmony Tomaszewski			Delete It	
Aaron Gibson				
Barbarba Haney			Delete It	
Vivian Stiver			Delete It	

AMENDMENTS ARE SHOWN IN LEGISLATIVE FORMAT

Text to be added is underlined

Text to be deleted is {BRACKETED, CAPITALIZED}

	MP 1.1.E			Publicly track climate-change metrics related to FNSB operations such as how early or late plowing begins and ends, changes in road maintenance and energy costs, annual temperature and precipitation patterns, and frequency of extreme weather events. Use these metrics to estimate costs and benefits of different potential climate actions and to pursue grant opportunities.
Terry Chapin		Keep It		
Mayor Ward		Keep It		Change to High Priority (HP)
Fred Vreeman			Delete It	
Harmony Tomaszewski		Keep It		
Aaron Gibson				
Barbarba Haney				Delete all and Replace with <u>Publicly track weather metrics, such as monthly temperature and precipitation patterns and the frequency of extreme weather events.</u>
Vivian Stiver			Delete It	
	Goal 1.2			Acquire the data and resources needed to reduce the FNSB's energy use and associated costs and impacts on climate.
Terry Chapin		Keep It		
Mayor Ward		Keep It		
Fred Vreeman		Keep It		Acquire the data and resources needed to reduce the FNSB's energy use and associated costs. <u>Determine whether additional efforts should be made to mitigate verifiable climate chnages expected in the future.</u> {AND IMPACTS ON CLIMATE}.
Harmony Tomaszewski				
Aaron Gibson				
Barbarba Haney				Acquire the data and resources needed to reduce the FNSB's energy {USE AND ASSOCIATED} costs {AND IMPACTS ON CLIMATE}.
Vivian Stiver				
	HP 1.2.A			Develop a science-based, GHG-reduction goal for FNSB operations and for the borough as a whole.
Terry Chapin		Keep It		
Mayor Ward		Keep It		Change to Medium Priority (MP) Combine this strategy with 1.2.C and 2.1.A they are all very similar and speak to the same issue of developing a GHG reduction goal for the FNSB.
Fred Vreeman			Delete It	
Harmony Tomaszewski		Keep It		
Aaron Gibson			Delete It	
Barbarba Haney			Delete It	
Vivian Stiver			Delete It	

AMENDMENTS ARE SHOWN IN LEGISLATIVE FORMAT
Text to be added is underlined
Text to be deleted is {BRACKETED, CAPITALIZED}

	HP 1.2.B			Summarize current annual fuel and electricity use by FNSB operations as a basis for estimating its annual carbon emissions and tracking its desired annual reductions in energy use.
Terry Chapin		Keep It		
Mayor Ward		Keep It		
Fred Vreeman		Keep It		Summarize current annual fuel and electricity use by FNSB operations as a basis for {ESTIMATING ITS ANNUAL CARBOT EMISSIOINS AND} tracking its desired annual reductions in energy use.
Harmony Tomaszewski				
Aaron Gibson				Summarize current annual fuel and electricity use by FNSB operations {AS A BASIS FOR ESTIMATING ITS ANNUAL CARBON EMISSIONS AND TRACKING ITS DESIRED ANNUAL REDUCTIONS IN ENERGY USE}; <u>publish to current community reductions or increases.</u>
Barbarba Haney				Summarize {CURRENT ANNUAL} <u>monthly</u> fuel and electricity <u>costs used</u> {USE} by the FNSB {OPERATIONS AS A BASIS FOR ESTIMATING ITS ANNUAL CARBON EMISSIONS AND TRACKING ITS DESIRED ANNUAL REDUCTIONS IN ENERGY USE}.
Vivian Stiver		Keep It		
	HP 1.2.C			Coordinate with an external entity (e.g., Alaska Center for Energy and Power, Cold Climate Housing Research Center, the University of Alaska – Fairbanks [UAF]) to estimate current carbon emissions as a benchmark for developing detailed alternatives to reduce future emissions.
Terry Chapin		Keep It		Delete all and Replace with <u>Make FNSB information on fuel and electricity use publicly available so that other entities (e.g., University of Alaska-Fairbanks) can estimate borough-wide energy use.</u>
Mayor Ward		Keep It		Change to Medium Priority (MP)
Fred Vreeman			Delete It	
Harmony Tomaszewski			Delete It	
Aaron Gibson				
Barbarba Haney			Delete It	
Vivian Stiver			Delete It	

AMENDMENTS ARE SHOWN IN LEGISLATIVE FORMAT
Text to be added is underlined
Text to be deleted is {BRACKETED, CAPITALIZED}

	HP 1.2.D			Engage other groups (e.g., Native organizations, NGOs, businesses, unions, the military, city governments, state and federal programs, and groups of residents) to foster climate actions that equitably reduce carbon emissions and meet the needs of diverse groups.
Terry Chapin		Keep It		
Mayor Ward		Keep It		Change to Low Priority (LP)
Fred Vreeman		Keep It		Engage other groups (e.g., Native organizations, NGOs, businesses, unions, the military, city governments, state and federal programs, and groups of residents) to foster climate actions that {EQUITABLY REDUCE CARBON EMISSIONS AND MEET THE NEEDS OF DIVERSE GROUPS} will help all borough entities mitigate potential effects of potential changes in the local climate.
Harmony Tomaszewski			Delete It	
Aaron Gibson				
Barbarba Haney				Delete all and replace with <u>Foster energy efficiency throughout the borough and educate residents on how they can reduce their energy costs.</u>
Vivian Stiver		Keep It		
Buildings & Energy - Goals & Recommendations (Pages 17 and 19)				
Committee Member	Goal	Keep It	Delete It	Original Goal & Recommendation and Revisions as follows:
	Goal 2.1			Reduce energy costs of FNSB operations by improving design standards and shifting from fossil fuels to renewable energy where feasible and cost effective in the long term.
Terry Chapin		Keep It		
Mayor Ward		Keep It		
Fred Vreeman		Keep It		Reduce energy costs of FNSB operations by improving design standards and shifting from {FOSSILE FUELS TO RENEWABLE ENERGY} <u>existing fuels to more efficient fuels</u> where feasible and cost effective in the long term.
Harmony Tomaszewski				
Aaron Gibson				
Barbarba Haney				Reduce energy costs of FNSB operations and <u>adopt strategies that reduce those costs</u> {BY IMPROVING DESIGN STANDARDS AND SHIFTING FROM FOSSIL FUELS TO RENEWABLE ENERGY WHERE REASIBLE AND COST EFFECTIVE IN THE LONG TERM}.
Vivian Stiver				Reduce energy costs of FNSB operations by improving design standards and <u>diversifing where possible</u> {SHIFTING FROM FOSSIL FUELS} to renewable energy <u>that are</u> {WHERE} <u>feasible, sustainable</u> and cost effective in the long term.

AMENDMENTS ARE SHOWN IN LEGISLATIVE FORMAT
Text to be added is underlined
Text to be deleted is {BRACKETED, CAPITALIZED}

	HP 2.1.A			Reduce energy use, costs, air pollution, and climate impacts of current FNSB operations and future buildings and retrofitted infrastructure by identifying the largest opportunities for emission reductions and implementing the changes that would most improve these metrics. Track and report annually on energy use and cost metrics.
Terry Chapin		Keep It		
Mayor Ward		Keep It		Change to Medium Priority (MP) Add the following after the first sentence. " <u>prioritized by the projects with the quickest payback</u> "
Fred Vreeman			Delete It	
Harmony Tomaszewski			Delete It	
Aaron Gibson				
Barbarba Haney				Repalce with: <u>Track and report on energy use and costs of current structures.</u>
Vivian Stiver				Reduce energy use, costs, air pollution, and <u>emissions</u> {CLIMATE IMPACTS} of current FNSB operations and future buildings and retrofitted infrastructure by identifying the {LARGEST}opportunities for emission reductions <u>that would</u> {AND IMPLEMENTING THE CHANGES THAT WOULD MOST} improve these metrics. Track and report annually on energy use and cost metrics.
	HP 2.1.B			Shift from fossil fuels to renewable energy, where feasible, to reduce dependence on costly energy sources, have significant effects on climate, and have uncertain future costs and availability. For example, develop a process, implementation plan, and timeline to facilitate the installation of solar panels at those FNSB facilities where they are cost effective in the long term.
Terry Chapin		Keep It		
Mayor Ward		Keep It		Change second sentence: For example, develop a process, implementation plan, and timeline to faciliate the installation of solar panels at those FNSB facilities where they {ARE COST EFFECTIVE IN THE LONG TERM} <u>have a payback perios of 10 years or less.</u>
Fred Vreeman			Delete It	
Harmony Tomaszewski			Delete It	
Aaron Gibson				Delete all and replace with <u>Prioritize, shifting from fuel oil to natural gas to encourage wider natural gas adoption in the FNSB.</u>
Barbarba Haney				Change second sentence: {FOR EXAMPLE, DEVELOP A PROCESS, IMPLEMENATION PLAN, AND TIMELING TO FACILITATE} <u>Consider</u> the installation of solar panels at those FNSB facilities where they are <u>feasible and cost effective</u> {IN THE LONG TERM}.
Vivian Stiver				Delete all and replace with <u>Where appropriate use renewable energy that is sustainable and cost effective.</u>

AMENDMENTS ARE SHOWN IN LEGISLATIVE FORMAT
Text to be added is underlined
Text to be deleted is {BRACKETED, CAPITALIZED}

	HP 2.1.C			Prioritize decarbonization and renewable energy generation and storage at FNSB facilities in the long term while maintaining current liquid natural gas heat and energy generation systems for short-term backup power during grid outages.
Terry Chapin		Keep It		
Mayor Ward			Delete It	Delete all and replace with <u>Prioritize energy efficiency during new construction, repair and renovation projects. Analyze the feasibility of adding renewable energy generation and storage to Borough facilities that maximizes the potential for decarbonization.</u>
Fred Vreeman			Delete It	
Harmony Tomaszewski				
Aaron Gibson				<u>Prioritize decarbonization and renewable energy generation in partnership with local utility companies {AND STORAGE AT FNSB FACILITIES IN THE LONG TERM WHILE MAINTAINING CURRENT LIQUID NATURAL GAS HEAT AND ENERGY GENERATION SYSTEMS FOR SHORT-TERM BACKUP POWER DURING GRID OUTGAGES}.</u>
Barbarba Haney				Delete all and replace with <u>Prioritize accelerating the conversion to natural gas in borough facilities.</u>
Vivian Stiver			Delete It	
	MP 2.1.D			Develop and implement goals and timelines for electrification of borough facilities and track and report accomplishments annually. Foster electrification through participation in the Railbelt Reliability Council.
Terry Chapin		Keep It		
Mayor Ward		Keep It		Amend first sentence to read as: Develop and implement <u>feasible</u> goals and timelines for electrification of borough facilities and track and report accomplishments annually.
Fred Vreeman		Keep It		Develop and implement goals and timelines for elctrification or <u>alternative fuels in {OF}</u> of borough facilities and track and report <u>cost savings and accomplishments</u> annually. {FOSTER ELECTRIFICATION THROUGH PARTICIPATION IN THE RAILBELT RELIABILITY COUNCIL.} <u>Explore coordination with other utilities through participation if feasible in the Railbelt Feliability Councili if a fair tarrif system is poropsed and adopted by that entity.</u>
Harmony Tomaszewski			Delete It	
Aaron Gibson				
Barbarba Haney				Delete all and replace with <u>Foster participation by GVEA in the Railbelt Grid Reliability Partnership group to improve the grid and allow the use of renewable power.</u> <i>Note: GVEA left the Railbelt Reliability Council</i>
Vivian Stiver			Delete it	

AMENDMENTS ARE SHOWN IN LEGISLATIVE FORMAT
Text to be added is underlined
Text to be deleted is {BRACKETED, CAPITALIZED}

	MP 2.1.E			Determine the feasibility and practicality of small-scale battery energy storage systems and solar panels on borough facilities as a backup energy source during grid outages.
Terry Chapin		Keep It		
Mayor Ward		Keep It		Change to Low Priority (LP)
Fred Vreeman		Keep It		Determine the feasibility and practicality of small-scale {BATTERY} energy storage systems {AND SOLAR PANELS} and verious energy generators on borough facilities as a backup energy source during grid outages.
Harmony Tomaszewski		Keep It		
Aaron Gibson				
Barbarba Haney		Keep It		
Vivian Stiver		Keep It		
	Goal 2.2			Promote energy savings by residents and businesses through incentives and advocacy of state support for improved design standards and funding for renewable energy.
Terry Chapin		Keep It		Promote energy savings by residents and buinesses through incentives and {ADVOCACY OF STATE SUPPORT FOR IMPROVED DESIGN STANDARDS AND FUNDING} <u>FNSB advocacy for state funding</u> for renewable energy.
Mayor Ward		Keep It		
Fred Vreeman		Keep It		Promote energy savings by residents and businesses through incentives and advocacy of state and support for improved design standards and funding for {RENEWALBE} energy.
Harmony Tomaszewski			Delete It	
Aaron Gibson				
Barbarba Haney				Promote energy savings by residents and businesses through incentives <u>such as the GVEA SNAPe program</u> . Support Justice 40 through the Railbelt Grid Partnership {AND ADVOCACY OF STATE SUPPORT FOR IMPROVED DESIGN STANDARDS AND FUNDING FOR RENEWABLE ENERGY.
Vivian Stiver		Keep It		

AMENDMENTS ARE SHOWN IN LEGISLATIVE FORMAT

Text to be added is underlined

Text to be deleted is {BRACKETED, CAPITALIZED}

	HP 2.2.A			Incentivize improved designs that conserve energy and save money in private residences and businesses in the FNSB. For example, establish and implement a Residential Property Assessed Clean Energy (R-PACE) and Commercial Property Assessed Clean Energy (C-PACE) Program for the FNSB to encourage home and business owners to install renewable energy systems, energy and water efficiency, and conservation upgrades
Terry Chapin		Keep It		
Mayor Ward		Keep It		Change to Medium Priority (MP)
Fred Vreeman		Keep It		Incentivize improved designs that conserve energy and save money in private residences and businesses in the FNSB. {FOR EXAMPLE, ESTABLISH AND IMPLEMENT A RESIDNETIAL PROPERTY ASSESSED CLEAN ENERGY (R-PACE) AND COMMERCIAL PROPERTY ASSESSED CLEAN ENERGY (C-PACE) PROGRAM} <u>Evaluation the feasibility of any state and federal programs available</u> for the FNSB to encourage home and business owners to install renewable energy systems, energy and water efficiency, and conservation upgrades.
Harmony Tomaszewski			Delete It	
Aaron Gibson				
Barbarba Haney		Keep It		
Vivian Stiver		Keep It		
	HP 2.2.B			Advocate at the state level for passage of laws that incentivize energy efficiency improvements and support affordable financing for clean energy in Alaska.
Terry Chapin		Keep It		Advocate <u>for FNSB</u> at the state level for passage of laws that incentivize energy efficiency improvements and support affordable financing for clean energy in Alaska.
Mayor Ward		Keep It		
Fred Vreeman		Keep It		Advocate at the state level for passage of {LAWS} <u>programs</u> that incentivize energy efficiency improvements and support affordable financing for {CLEAN} <u>alternative</u> energy in Alaska.
Harmony Tomaszewski				
Aaron Gibson				
Barbarba Haney		Keep It		
Vivian Stiver		Keep It

Transit & Mobility - Goals & Recommendations (Pages 22 and 24)

Committee Member	Goal	Keep It	Delete It	Original Goal & Recommendation and Revisions as follows:
	Goal 3.1			Reduce the vulnerability of roads and infrastructure to climatechange impacts and ensure that sidewalks and public transportation facilities are safe and accessible to users of all abilities year round.
Terry Chapin		Keep It		
Mayor Ward		Keep It		
Fred Vreeman		Keep It		Reduce the vulnerability of roads and infrastructure to climate-change impacts {AND ENSURE THAT SIDEWALKS AND PUBLIC TRANSPORATION FACILITES ARE SAFE AND ACCESSIBLE TO USERS OF ALL ABILITIES YEAR ROUND}.
Harmony Tomaszewski				
Aaron Gibson				
Barbarba Haney				Reduce the vulnerability of roads and infrastructure to adverse weather events {CLIMATE-CHANGE IMPACTS AND ENSURE THAT SIDEWALKS AND PUBLIC TRANSPORTATION FACILITIES ARE SAFE AND ACCESSIBLE TO USERS OF ALL ABILITES YEAR ROUND}.
Vivian Stiver				Update policies for maintaining {REDUCE THE VULNERABILITY OF} roads and infrastructure <u>due to weather</u> {TO CLIMATE-CHANGE} impacts and ensure that sidewalks and public transportation facilities are safe and accessible to users of all abilities year round.

AMENDMENTS ARE SHOWN IN LEGISLATIVE FORMAT
 Text to be added is underlined
 Text to be deleted is {BRACKETED, CAPITALIZED}

	HP 3.1.A		Improve the resilience of roads and infrastructure by identifying locations of greatest climate-change vulnerabilities and developing design and maintenance strategies that minimize climate-change impacts such as those related to permafrost thaw and winter icing events.
Terry Chapin		Keep It	Improve the resilience of roads and infrastructure by identifying locations of greatest climate-change vulnerabilities and developing design and maintenance strategies that minimize climate-change <u>costs and</u> impacts such as those related to permafrost thaw and winter icing events.
Mayor Ward		Keep It	Change to Medium Priority (MP)
Fred Vreeman		Keep It	Improve the resilience of roads and infrastructure by identifying locations of greatest <u>future expected</u> climate-change vulnerabilites and developing design and maintenance strategies that minimize climate-change impacts such as those related to permafrost {THAW AND WINTER ICING EVENTS} <u>changes and increased rainfall or snowfall in each season.</u>
Harmony Tomaszewski		Keep It	
Aaron Gibson			
Barbarba Haney			Improve the <u>resiliancy</u> {RESILIENCE} of roads and <u>sidewalks to adverse weather events</u> {INFRASTRUCTURE BY IDENTIFYING LOCATIONS OF GREATEST CLIMATE-CHANGE VULNERABLILITIES AND DEVELOPING DESIGN AND MAINTENANCE STRATEGIES THAT MINIMIZE CLIMATE-CHANGE IMPACTS} such as those related to permafrost thaw, {AND} winter icing, <u>and floodiq</u> {EVENTS}.
Vivian Stiver			Improve the resilience of roads and infrastructure by identifying locations of greatest <u>weather impacts</u> {CLIMATE-CHANGE} vulnerabilites and developing design and maintenance strategies that minimize climate-change impacts {SUCH AS THOSE RELATED TO PERMAFROST THAW AND WINTER ICING EVENTS}.

AMENDMENTS ARE SHOWN IN LEGISLATIVE FORMAT

Text to be added is underlined

Text to be deleted is {BRACKETED, CAPITALIZED}

	HP 3.1.B		Ensure that sidewalks and public transportation facilities are safe and accessible to users of all abilities year round through coordination with the City of Fairbanks, City of North Pole, Fairbanks Area Surface Transportation (FAST) Planning, and Alaska Department of Transportation and Public Facilities (DOT&PF).
Terry Chapin		Keep It	
Mayor Ward		Keep It	
Fred Vreeman		Keep It	Ensure that sidewalks and public transportation facilities are safe {AND ACCESSIBLE TO USERS OF ALL ABILITIES YEAR ROUND} <u>for expected users</u> through coordination with the City of Fairbanks, City of North Pole, Fairbanks Area Surface Transportation (FAST) Planning, and Alaska Department of Transportation and Public Facilities (DOT&PF).
Harmony Tomaszewski		Keep It	
Aaron Gibson			
Barbarba Haney			{ENSURE THAT SIDEWALKS AND PUBLIC TRANSPORTATION FACILITIES ARE SAFE AND ACCESSIBLE TO USERS OF ALL ABILITIES YEAR ROUND THROUGH COORDINATION} <u>Coordinate</u> with the City of Fairbanks, City of North Pole, <u>road service areas</u> , Fairbanks Area Surface Transportation (FAST) Planning, and Alaska Department of Transportation and Public Facilities (DOT&PF) <u>on strategies to respond to weather events</u> .
Vivian Stiver		Keep It	
	Goal 3.2		Reduce transportation-related carbon emissions.
Terry Chapin		Keep It	Reduce transportation-related <u>fuel costs and</u> carbon emissions.
Mayor Ward		Keep It	
Fred Vreeman		Keep It	Reduce transportation-related {CARBON} <u>hazardous</u> emissions.
Harmony Tomaszewski			
Aaron Gibson			
Barbarba Haney			Reduce transportation-related <u>energy costs and make transportation cheaper more convenient</u> {CARBON EMISSIONS}.
Vivian Stiver		Keep It	

AMENDMENTS ARE SHOWN IN LEGISLATIVE FORMAT
Text to be added is underlined
Text to be deleted is {BRACKETED, CAPITALIZED}

	HP 3.2.A			Reduce air pollution and long-term costs by transitioning FNSB and FNSB-contracted vehicles to hybrid and electric other low-emissions vehicles, prioritizing those changes that provide the greatest long-term cost savings and reduction in air pollution and carbon emissions. Develop the capacity to maintain and repair these vehicles.
Terry Chapin		Keep It		
Mayor Ward		Keep It		Change to Medium Priority (MP) Amend first sentence to read as: Reduce air pollution and long-term costs by transitioning FNSB and FNSB-contracted vehicles to hybrid and electric other low-emissions vehicles <u>where practicable</u> , prioritizing those changes that provide the greatest long-term cost savings and reduction in air pollution and carbon emissions.
Fred Vreeman		Keep It		Amend first sentence to read as: Reduce air pollution and long-term costs by transitioning FNSB and FNSB-contracted vehicles to {HYBRID AND ELECTRIC OTHER} low-emissions vehicles where practicable, prioritizing those changes that provide the greatest long-term cost savings and reduction in air pollution {AND CARBON EMISSIONS}.
Harmony Tomaszewski			Delete It	
Aaron Gibson				
Barbarba Haney				Delete all and replace with Transition FNSB vehicles to CNG.
Vivian Stiver				Reduce air pollution and long-term costs by transitioning FNSB {AND FNSB-CONTRACTED} vehicles to hybrid {AND ELECTRIC OTHER LOW-EMISSIONS} vehicles{, PRIORITIZING THOSE CHANGES THAT PROVIDE THE GREATEST LONG-TERM COST SAVINGS AND REDUCTION IN AIR POLLUTION AND CARBON EMISSIONS}. Develop the capacity to maintain and repair these vehicles.
	HP 3.2.B			Provide and maintain electric vehicle charging stations at borough facilities, schools, and parks. These are currently fundable through state and federal grants.
Terry Chapin		Keep It		
Mayor Ward		Keep It		
Fred Vreeman			Delete It	
Harmony Tomaszewski			Delete It	
Aaron Gibson				
Barbarba Haney				Encourage UAF to convert their shuttles to electric vehicles and consider the implementation of recharging lanes similar to the University of Utah.
Vivian Stiver				Once electric car ownership has reached 45% and a use fee is established for ongoing <u>maintenance</u> .

AMENDMENTS ARE SHOWN IN LEGISLATIVE FORMAT
Text to be added is underlined
